

Pexco High Pressure Nylon 12 Tubing

Pexco's High Pressure (HP) Nylon tubing, produced using Nylon 12, is the tubing of choice for a wide range of applications due to its superior abrasion resistance, extreme tensile strength and high allowable working pressures. Manufactured in our Asheboro, NC facility, under stringent process controls, our HP Nylon tubing provides the quality and performance even the most demanding applications require.

Applications:

Water misting / cooling systems, Insect fogging systems, Pneumatic systems, Chemical process lines, Vacuum lines, Hydraulic hoses, Automotive paint spray

Features:

Resistance to high pressure

Good chemical resistance

Strong corrosion resistance

Flexible

Excellent abrasion resistance and durability

HP NYLON TUBING

Part No.	Size	OD Nom In.	ID Nom In.	Wall Thickness	OD Tol In. +/-	Min Burst Pressure Psi @75°F
HP 250062	1/4	.250	.125	.062	.003	2,800
HP 375075	3/8	.375	.225	.075	.004	2,800
HP 500090	1/2	.500	.320	.090	.004	2,800

Stock Colors: Natural; Black; White

Available to ship from stock

Additional sizes, colors, custom printing and packaging available
